Transparent data management

Small, Simple and Lightweight

- **Mission:**

Keylongest always stick with "intelligent, safe, convenient and delicate" to the key management system, so as to solve the key management problems for small and medium-sized enterprises and lead the new trend of intelligent office.

- **Vision:**

Create a new concept of smart office key management to become an irreplaceable smart key management technology company in the industry.

- **Core values:**

Make a difference.

Long-term management is not the key,
but the asset behind it.
