

2 WIRE 18AWG STRANDED AUDIO CABLE

SPECIFICATION

Part No.

PROAUDIO18

Physical Characteristics

Size	18 AWG
Formation	2 WIRE*18AWG
Conductor	Copper Clad Aluminum
Number/Wire Diameter	46*0.15mm

Sheath

Diameter	2.5*5.0mm
Average Thickness	0.75mm
Material	PVC

Outer Jacket

Jacket Color	Transparent
--------------	-------------

Mechanical Characteristics

Conductor Resistance,Max Ohm/100m (20°C)	3.21
Tensile Strength	188N/mm ²
Conductor Elongation	10%
Working Voltage	≤80V

Packing

500FT/Paper Spool
6 Spools/Carton

Industry Standard

ISO 9001:2000

Applications

Use for audio, microphones, instruments of music, applications voices, audio transmission, flexible cable for easy connection to audio applications

Ideal for use with systems Voices
