

INTERIOR LIGHTING

EW0352

Twelve 4-Watt LEDs

The EW0352 is a compact and powerful interior light that mounts to the surface of any compartment on vehicles such as work trucks, cargo vans, utility bodies, or any other commercial vehicle. The low-profile 11.2" LED light mounts using two concealed screws and features a standard power and ground wire. When off, the power switch illuminates blue making it easy to find the power switch in the dimly lit compartments. When on, the EW0352 features a low amp draw that puts out 360 raw lumens to illuminate any interior vehicle compartment.
