

Features

1. One audio input: USB input.
2. Digital network audio control and transmission, convenient for system wiring.
3. Equipped with USB interface for multimedia MP3 and other lossless audio format players.
4. Built-in Bluetooth function, can be connected to mobile phones, computers and other devices for audio playback.
5. Customize audio channel selection, volume control, etc.

Specification

model	T-8000CB
Microphone category	Condenser microphone
Communication method	RJ45/TCP/IP protocol
control	Audio source channel, volume, MP3 playback, Bluetooth, etc.
Output Level	1V/600Ω
Frequency response	80-16kHz (+1/-3dB)
Harmonic distortion	≤0.1%
Power consumption	5W
Supply voltage	DC24V
size	86x86x48mm
weight	0.21kg
