

Smart Control 2.0

Precision at Your Fingertips

Designed for use with HUAWEI IdeaHub to offer greater control at your fingertips.

Ergonomic design
Comfortable to hold

Sleek, ergonomic design for a comfortable user experience.

Precise pointing
Effortless control

Directly select your target without navigating icons.

Dynamic interaction
Point, select, and write

Create engaging presentations by effortlessly tapping, dragging, swiping, and circle-selecting content.

Low-power design
Long battery life

Quick charge via Type-C, with a single full charge lasting for over 30 days.

Technical Specifications

System compatibility

Works with HUAWEI IdeaHub ES3 and S3 series.

Electrical specifications

Static current ≤500uA	UWB current ≤120mA	Rated operating voltage 3.2 V to 4.48 V
Transmission distance Line-of-sight≤8m	Operating time Up to 30 days on a full charge	

Indicator status

Light	Status
Green light on for 3s	Wake up/Cancel pairing/Bluetooth connected successfully
Button flashing blue	Bluetooth not connected, pairing required
Button flashing white	Bluetooth disconnected, re-pairing required
Light off	Sleep mode (restart needed)/Bluetooth connected, normal use
Green light blinking	Charging
Green light steady	Battery fully charged
Red light on	Low battery, charging needed

Mechanical structure & performance

Buttons 12	Button lifespan ≥300,000 presses	Dimensions (H x W x D) 144.8 mm x 40 mm x 18.9 mm
Weight 66.8g		

Environment adaptability

Operating temperature 0°C to 40°C	Storage temperature -20°C to +60°C	Operating humidity 5% to 95%
